**Short and Large 94/15-15 D12 compound
Now available for winged sprints**

To meet the increasing need for short and large 94/15-15 tires in the D12 compound a second catalog number is now available. The new catalog number is 31191D12 and the chalk mark range will be 97 ½" to 98 ½" (approximate circumference of 93" to 94").

The current 31189D12 catalog number will remain the same and the chalk mark range is 98" to 99" (approximate circumference of 94" to 95").
