#### About the R60A

The R60A is a medium compound that balances traction, durability, and performance with versatility. The special rubber formula has been derived from a compilation of proven spec tire compounds that emphasize consistency and repeatability throughout the life of the tire. The R60A is rich in performance, making it the tire of choice for all TAG classes.

#### About TAG USA:

TAG USA is an independent national club that provides a set of rules that can be adopted by tracks or sanctioning bodies to regulate TAG racing. TAG USA's rule structure is used internationally and encourages growth within the TAG ranks. Several tracks across the country are registered with TAG USA and utilize these rules at a national, regional, and local level. TAG USA holds one event each year, the TAG World Championships.
