New D30A Compound for Oval Dirt Kart Applications

Hoosier is proud to introduce the new D30A compound for oval dirt kart applications. The D30A has a cold durometer of 53-55 and is designed to work well on tracks that range from having some dust to tracks that are dry-slick. The D30A will also work well on cleaned off tracks that collect moisture at night. The D30A is designed to fill the void on track conditions where the D20A is too soft and the RD35 is too free. The D30A will be available in the following sizes:

Item Number	Tire Size	Application	Tread Width	Approx. Dia	Approx. Circ	Recom. Rim	Measured Rim	Section Width	Compounds
11305	10.5x4.5-6	Left Front	4.5"	10.5"	32.5"	6-6.5"	6.5"	6.50"	D30A
11401	11.0x6.0-6	Left Rear	5.5"	10.7"	33"	8.25-8.5"	8.5"	7.875"	D30A
11805	11.0x8.1-6	Right Side	7.875"	11.0"	34"	10"	10"	9.75"	D30A

The D30A's are expected to be in stock by July 19, 2010.
